

Step 1

# Car Sharing App

Step 2

## Stop 3

Two people need  
to go to a new  
city  
↓  
communicate, organize  
save money  
befriend

save money  
by organizing  
same interests  
or rent  
expensive gear  
for a  
limited time

best vehicle  
for ~~best~~ night  
distance  
→ bike  
→ e scooter  
→ car

Step 4

Choose  
you choose your ride

Problem: You want to get to Wernna but can't afford a train ticket. So you open choose and search for people offering a ride to your destination. So you only pay for half a tank.

Now you get dropped by a bad location? Open choose and search for a ~~free~~ e-scooter in your area. Simply pay within the app and go. Enjoy your freedom from bad public transports.

YOU CHOOSE YOUR RIDE.
